January 20, 2009

ETFCU has been part of Schott-Gemtron – Vincennes Division for the last 10 years. ETFCU has been willing to come in and speak with our employees one on one and answer any questions and take applications to open new accounts.

In the last 3 years we have gone to direct deposit and have had no problems with any deposits not being made in a timely manner. We currently have 344 members with accounts with the ETFCU.

In the last years we have worked with ETFCU to have an ATM machine on site and it has proven to be very helpful and much used. When there is a problem with the machine (which only happened one time to date) a service person responds quickly.

The employees at ETFCU are very pleasant and willing to help at all times. I have only heard positive things about the way ETFCU has handled our employee accounts.

Joanne Lange  
Human Resource Assistant  
Schott-Gemtron Vincennes Division
